

To write the paper in Ukrainian add the following lines:

```
\fontfamily{cmr}\selectfont  
\usepackage[utf8]{inputenc}  
\usepackage[ukrainian]{babel}  
after the line \documentclass[conference]{IEEEtran}
```

To write the paper in Russian add the following lines:

```
\fontfamily{cmr}\selectfont  
\usepackage[utf8]{inputenc}  
\usepackage[russian]{babel}  
after the line \documentclass[conference]{IEEEtran}
```

If your paper is written in English, but includes parts in Ukrainian or in Russian, then add the following lines:

```
\fontfamily{cmr}\selectfont  
\usepackage[utf8]{inputenc}  
\usepackage[ukrainian, english]{babel}
```

or

```
\fontfamily{cmr}\selectfont  
\usepackage[utf8]{inputenc}  
\usepackage[russian, english]{babel}  
after the line \documentclass[conference]{IEEEtran}
```

In the place where Ukrainian or Russian text occurs add the following lines:

```
\begin{otherlanguage}{ukrainian}Український текст\end{otherlanguage}  
or  
\begin{otherlanguage}{russian}Русский текст\end{otherlanguage}
```
